

North Devon Council
Brynsworthy Environment Centre
Barnstaple
North Devon EX31 3NP

M. Mansell, BSc (Hons), C.P.F.A.
Chief Executive.

LICENSING SUB-COMMITTEE A

A meeting of the above Sub-Committee of the Licensing Committee will be held in the Barum Room at Brynsworthy Environment Centre, Barnstaple on **WEDNESDAY 18TH APRIL 2018 AT 12.00 P.M.**

(NOTE: A location plan for the Brynsworthy is attached to the agenda front pages. There are limited car parking spaces in the Visitors parking area. If no spaces are available, please find an alternative space. Please ensure that you enter your name and car registration details in the book in front of the entrance door)

(NB: A pre-meeting for Members will be held in the Combe Room at Brynsworthy Environment Centre, Barnstaple at 11.15 a.m.)

Members of the Sub-Committee: Councillors Chesters (Chairman)

 Councillors Campbell and J Cann.

 Substitute Member: Councillor Meadlarkin.

AGENDA

1. Apologies for absence.
2. Items brought forward which in the opinion of the Chairman should be considered by the meeting as a matter of urgency.
3. Declarations of Interests. (Please complete the form provided at the meeting or telephone Corporate and Community Services to prepare a form for your signature before the meeting. Interests must be re-declared when the item is called, and Councillors must leave the room if necessary).
4. To agree the agenda between Part 'A' and Part 'B' (Confidential Restricted Information).

PART 'A'

5. **Application for the grant of a Premises Licence; Sky Bar, Down End Field, Croyde, Braunton, Devon. (Reference 047586).** Report by the Lead Licensing Officer (attached) (pages 1 to 96).

6. **Exclusion of Public and Press Restriction of Documents.**

RECOMMENDED:

- (a) That, under Section 100A (4) of the Local Government Act 1972, the public and press be excluded from the meeting for the following item as it involves the likely disclosure of exempt information as defined by Paragraph 3 of Part 1 of Schedule 12A of the Act (as amended from time to time), namely information relating to the financial or business affairs of any particular person (including the authority holding that information).
- (b) That all documents and reports relating to the item be confirmed as "Not for Publication".

PART 'B' (Confidential Restricted Information)

7. **Application for the Grant of a Hackney Carriage and a Private Hire Driver's Licence – (Reference PFND003).** Report by Licensing Officer (attached) (pages 97 to 108).

If you have any enquiries about this agenda, please contact Corporate and Community Services on telephone number 01271 388253

NOTE: Pursuant to Part 3, Annexe 1, paragraph 2 of the Constitution, Members should note that:

"A Member appointed to a Committee or Sub-Committee who:

- (a) Arrives at a meeting during the consideration of an item; or*
- (b) Leaves a meeting at any time during the consideration of an item;*

Shall not:

- (i) propose or second any motion or amendment; or*
- (ii) cast a vote*

in relation to that item if the Committee or Sub-Committee (as the case may be):

- (c) Is sitting in a quasi-judicial capacity in relation to that item; or*
- (d) The item is an application submitted pursuant to the Planning Acts*

and, in such a case, the Member shall also leave the room if at any time the public and press are excluded in respect of that item."

North Devon Council protocol on recording/filming at Council meetings

The Council is committed to openness and transparency in its decision-making. Recording is permitted at Council meetings that are open to the public. The Council understands that some members of the public attending its meetings may not wish to be recorded. The Chairman of the meeting will make sure any request not to be recorded is respected.

The rules that the Council will apply are:

1. The recording must be overt (clearly visible to anyone at the meeting) and must not disrupt proceedings. The Council will put signs up at any meeting where we know recording is taking place.
2. The Chairman of the meeting has absolute discretion to stop or suspend recording if, in their opinion, continuing to do so would prejudice proceedings at the meeting or if the person recording is in breach of these rules.
3. We will ask for recording to stop if the meeting goes into 'part B' where the public is excluded for confidentiality reasons. In such a case, the person filming should leave the room ensuring all recording equipment is switched off.
4. Any member of the public has the right not to be recorded. We ensure that agendas for, and signage at, Council meetings make it clear that recording can take place – anyone not wishing to be recorded must advise the Chairman at the earliest opportunity.
5. The recording should not be edited in a way that could lead to misinterpretation or misrepresentation of the proceedings or in a way that ridicules or shows a lack of respect for those in the recording. The Council would expect any recording in breach of these rules to be removed from public view.

Notes for guidance:

Please contact either our Member Services team or our Communications team in advance of the meeting you wish to record at so we can make all the necessary arrangements for you on the day.

For more information contact the Corporate and Community Services team on **01271 388253** or email **memberservices@northdevon.gov.uk** or the Communications Team on **01271 388278**, email **communications@northdevon.gov.uk**.

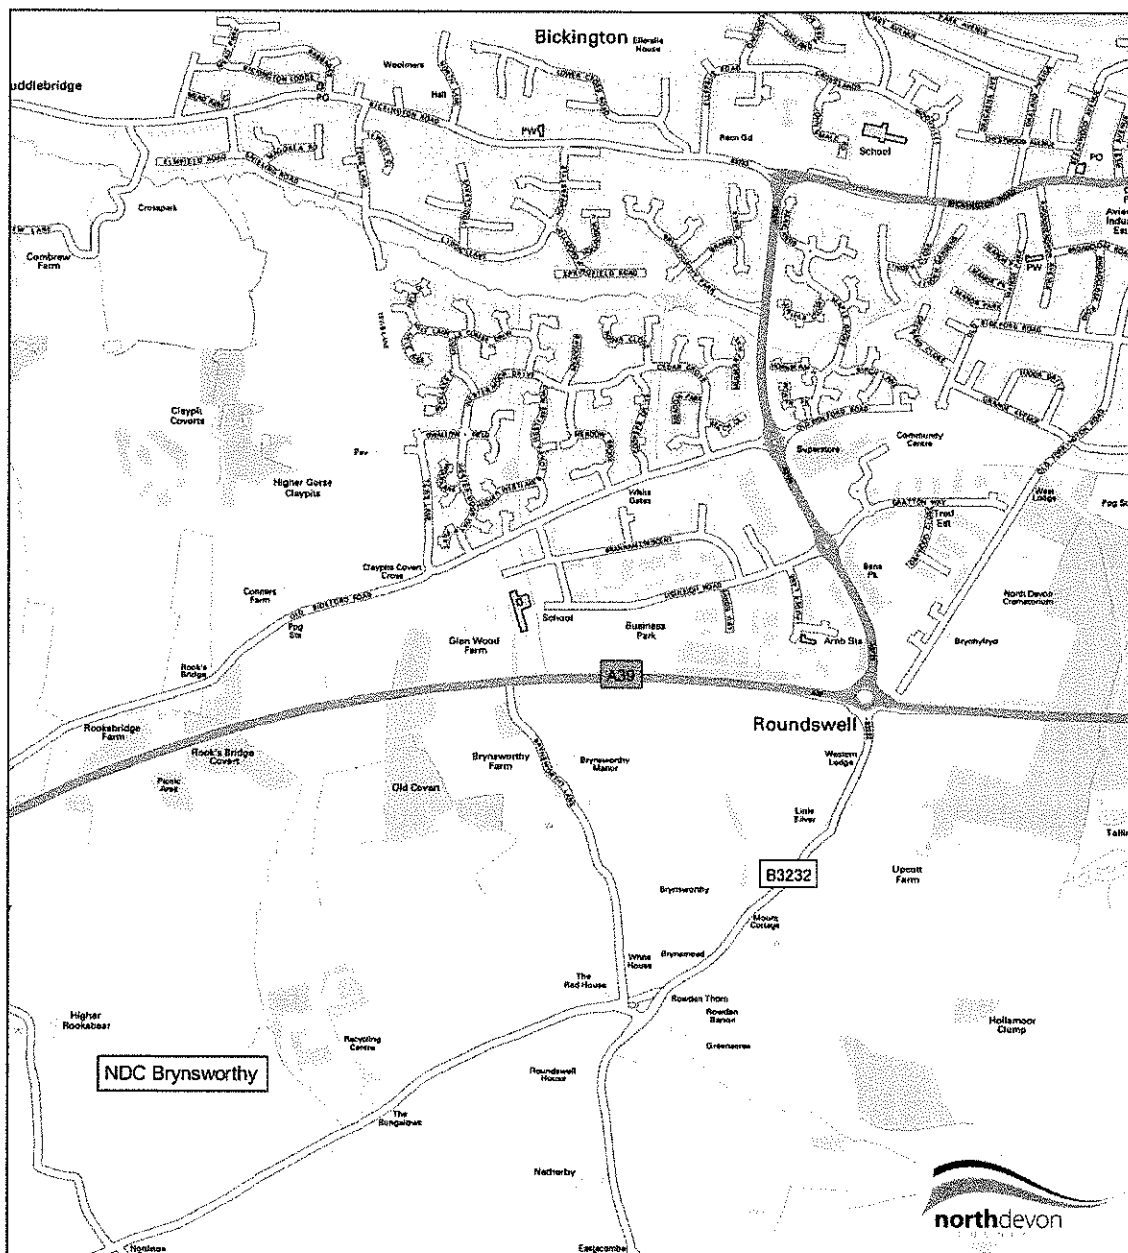

North Devon Council offices at Brynsworthy Environment Centre (BEC), the full address is: North Devon Council, PO Box 379, Barnstaple, Devon, EX32 2GR.

NORTH DEVON DISTRICT COUNCIL

REPORT TO LICENSING SUB-COMMITTEE HEARING:
MIDDAY 18TH APRIL 2018

APPLICATION BY: BLUE SKY EVENT MANAGEMENT LTD.

APPLICATION FOR THE GRANT OF A PREMISES LICENCE:

SKY BAR, DOWN END FIELD, CROYDE ROAD, CROYDE, NORTH
DEVON

Reference Number: 047586

REPORT BY LICENSING LEAD OFFICER

1. INTRODUCTION

- 1.1 The purpose of this report is to present an application for the grant of a premises licence in respect of SkyBar, Down End Field, Croyde Road, Croyde, and Devon.
- 1.2 The application (Appendix 1) was submitted by Mr Peter Timothy Bawden on behalf of Blue Sky Event Management Ltd. and requests the following activity:
- 1.2.1 Provision of live music.
 - 1.2.2 Provision of recorded music.
 - 1.2.3 Permit late night refreshment.
 - 1.2.4 Permit the supply of alcohol on the premises.
- 1.3 The Licensing Authority has received 18 relevant representations from other persons in regard to the application for the grant of a premises licence which gives rise to this hearing.
- 1.4 No representations have been received from any of the Responsible Authorities.
- 1.5 The relevant representations meet the Licensing Objectives as follows:

Licensing Objective	
Prevention of Crime and Disorder	x
Prevention of Public Nuisance	x
Public Safety	x
The Protection of Children From Harm.	x

2. RECOMMENDATIONS

2.1 That the Sub Committee:

Considers the request for determination of the application for the grant of a premises licence and additional representations included in appendices 1 to 25 of this report together with any oral submissions at the hearing.

2.2 In determining this application, the Sub-Committee must take one of the following steps, as it considers necessary for the promotion of the licensing objectives. The Sub-Committee should be mindful that in making their decision, if it involves the modification or imposition of conditions or the rejection in whole or in part of the application, such a decision could only be justified if it is made to promote the licensing objectives:

2.2.1 The steps are:

- (a) to grant the licence subject to:
 - (i) the terms sought by the applicant, including such conditions as are consistent with the operating schedule.
 - (ii) such conditions as are consistent with the operating schedule accompanying the application, modified to such extent as the authority considers necessary for the promotion of the licensing objectives.
- (b) to exclude from the scope of the licence any of the licensable activities to which the application relates.
- (c) to refuse to specify a person in the licence as the Designated Premises Supervisor.
- (d) to reject the application.

2.3 Should the Sub-Committee decide to grant the application, it is recommended that this be subject to conditions which seek to mitigate the potential for contraventions of the Licensing Objectives.

2.4 The following amendments to the application and additional conditions are recommended:

2.4.1 Conditions and application amendments agreed between the applicant and North Devon Council Environmental Health (Appendix) to be imposed by the Licensing Sub-Committee on the licence:

- a) The provision of regulated entertainment, will cease at midnight on all three evenings of the proposed event.
- b) The event will be run in accordance with a Noise Management Plan (NMP).
- c) The NMP shall be submitted to North Devon Council for approval no later than 6 weeks prior to commencement of the event (for licensed events).
- d) The NMP shall include the information detailed below:
 - the Music Noise Level measured over a 15 minute period (LAeq, 15min) at the boundary of any noise sensitive premises shall not exceed a level 65dB(A) during the daytime (defined as between the hours of 09.00 and 23.00) on any day. At all other times the Music Noise Level shall not exceed 45dB LAeq 15 min at the boundary of any noise sensitive premises. Between the hours of 23.00 and 08.00 the levels at the relevant sound mixer positions shall be controlled such that at the boundary of any noise sensitive premises the 63 Hz and 125 Hz octave band levels, measured over a period of 15 minutes (LZeq, 15min) shall not exceed a level 3 d(B) below the agreed Music Noise Level.
 - access will be granted to officers of the licensing authority to all areas of the site relevant to an investigation of music noise levels, to include front of house and monitor sound mixing positions.
 - during the whole course of the event, a noise monitoring system shall be in place. Two off-site monitoring locations shall be established to the satisfaction of the licensing authority and prior to the event commencing. The results of noise monitoring shall be available to officers of the licensing authority upon request and data provided to the authority upon request subsequent to the event.
 - there will be a manned, charged telephone, with reception, throughout the event -and that there will be a dedicated person on site with the relevant responsibility to turn down the noise levels on request throughout the event.

- upon the reasonable request by officers of the licensing authority and at any time during the event, the sound operator shall temporarily adjust the configuration of the amplification system to reduce either broadband sound levels or sound levels within a particular octave band. Thereafter the applicant shall agree with the officer a music noise level to achieve compliance with noise limits.
- all other potential sources of noise throughout the site shall be monitored and regulated in accordance with the Noise Management Plan.
- where necessary the noise level of any noise source found to be excessive by an officer of the licensing authority shall be immediately reduced to a level acceptable to the officer.
- the measures which will be put in place to enable those residents who have the potential to be adversely affected by the event to contact the event organiser throughout the event if they wish to, and how such residents will be notified of such measures.
- all complaints received will be recorded, thoroughly investigated, and the outcome / remedial actions also recorded. If it is alleged or suspected that the music noise levels are being breached, sound level monitoring will be undertaken from the relevant complainant's property. Remedial action will be taken to reduce levels when noncompliance with license conditions is identified.

2.4.2 Condition agreed between the applicant and the Licensing Authority (Appendix) to be imposed by the Licensing Sub-Committee on the licence:

- a) The person who is responsible for the management of the premises shall at all times be aware of the number of persons on the premises and shall if required to do so, give that information to an authorised person.

2.4.3 Conditions submitted by the applicant:

- a) This licence shall be limited to SkyBar music festival only for one event period which runs on a Friday, Saturday and Sunday for one event period annually in May.
- b) The maximum number of persons (including staff and entertainers) allowed at the premises shall not exceed 1000.
- c) Strong management controls and effective training for all staff will be in place. All staff will be aware of the premises licence and the requirements to meet the four licensing objectives with particular attention to:
 - no selling of alcohol to underage people.
 - no drunk and disorderly behaviour on the premises area.
 - vigilance in preventing the use and sale of illegal drugs at the retail area.
 - no violent and anti – social behaviour.
 - no harm to children.
- d) DPS will control the day to day operation of the premises, provide good training for staff on the Licensing Act and will make or authorise each sale.
- e) The management and/or the premise licence holder of the premises will support the licensing objectives by conducting staff training, following the measures and procedures outlined in the Event Management Plan (EMP), Noise Management Plan (NMP) and Health and Safety Plans (H&S).
- f) Licensed SIA door supervisors will patrol premises, be stationed at specific points within the premise.
- g) Licensed SIA door supervisors will patrol premises boundary throughout, specifically on closing.
- h) A clear and legible notice at key locations within the premises indicating SkyBars policy of a zero tolerance to drugs and other criminal activity.
- i) Random bag searches at the secure entrance to the site.
- j) Measures will be in place to assist all staff to be vigilant in the prevention of illegal drug use in all areas of the premises.

- k) Staff will be trained in asking customers to use premises in an orderly, respectful manner and prevent drinking alcohol outside the premises.
- l) Internal and external lighting will be in place to assist public safety, positioned and screened in such a way so as to not cause a disturbance to nearby residents.
- m) All staff will be trained on adherence to environmental health requirements.
- n) The management and/or the premise licence holder of the premises will ensure at all times that the premises, all fittings, apparatus therein, lighting, heating, electrical, air conditioning, sanitary accommodation and other installations are maintained, in good working order and in safe condition.
- o) Clear and concise notices will be in place at key locations on the site to warn of falls, hazards and road traffic.
- p) All amplified music to be projected away from any dwellings and residential property.
- q) Monitoring of sound throughout the premises operating hours, controlled directly by premises supervisor and onsite audio engineer.
- r) Prominent, clear and legible notices will be displayed at the premises exit, requesting the public to respect the needs of nearby residents and to leave the premises and area quietly.
- s) The event will finish at exactly 01:00 with security and staff guiding customers towards the exit. The premises is expected to be clear of all customers by 01:15.
- t) Deliveries of goods necessary for the operation of the business will be carried out at such a time or in such a manner as to prevent nuisance and disturbance to nearby residents.
- u) The management and/or the premise licence holder of the premises will ensure all staff undertaking any activities required to take place outside of the premises opening hours, conduct themselves to avoid causing disturbance to nearby residents.
- v) Customers will be asked not to stand around talking loudly outside the premises.

- w) The movement of bins and rubbish outside the premises will be kept to a minimum after 11pm.
 - x) Adequate waste receptacles for use by customers will be provided in the local vicinity.
 - y) Premises not open to under 18's, full ID checks will take place at the entrance by trained security personnel.
 - z) There will be in place a written age verification policy in relation to the sale of alcohol, which will specify a Challenge 21 proof of age requirement. This means that staff working at the premises must ask individuals who appear to be under 21 years of age, attempting to purchase alcohol, to produce identification. The only acceptable identification documents will be: (i) A photograph driving licence; (ii) A passport; (iii) An identification card carrying the PASS hologram. Unless such identification is produced, the sale of alcohol must be refused.
 - aa) All bar staff, supervisors and managers must be trained in the legality and procedure of alcohol sales, prior to undertaking the sale of alcohol and then at least every 12 months. Training shall be signed and documented. Training records must be kept on the premises and be made available for inspection and copying to an authorised officer of a responsible authority on request. The documentation relating to training should extend back to a period of three years and should specify the time, date and details of the persons both providing the training and receiving the training.
- 2.5 It will be best practice, as well as a matter of elemental fairness, that at a hearing the licensing authority ensures that parties are aware of any condition the licensing authority is proposing to add of its own volition to a licence, in advance of the decision being made.
- 2.6 When Members are considering adding a condition that has not been addressed during the hearing, for example because it is raised after the Members have retired to consider their decision, the parties should be given an opportunity to address the Members on the new condition being considered. This can be done informally, for example, by the legal advisor passing a message to the waiting parties.

- 2.7 If the proposed condition proves controversial the parties should be afforded the opportunity of addressing the Members further on both the principle of the condition or its specific working. This is likely to serve the interests of all parties, including the Members who will be better informed about the impact and practicability of their proposal. Moreover, a failure to follow this approach risks attracting criticism for the appeal courts.

2.8 REASONS FOR RECOMMENDATIONS

- 2.8.1 The recommendations are made so that the Sub-Committee fulfils its duty under section 18 of the Licensing Act 2003 to determine the application for a premises licence where relevant representations have been made.
- 2.8.2 The recommendations in relation to the imposition of conditions on the premises licence are made with a view to promoting the licensing objectives.

3. BACKGROUND

- 3.1 An application was submitted by Blue Sky Event Management Ltd. to grant a premises licence for SkyBar, Down End Field, Croyde Road, Croyde, Devon.
- 3.2 The event is held in two large marquees in Down End field adjacent to Croyde Road (B3231) and Croyde Bay. The field has a mix of a hedge and fencing around the perimeter.
- 3.3 Under the provisions of the Town and Country Planning (General Permitted Development) (England) order 2015 S2 Part 4 Class B the temporary use of any land for any purpose for not more than 28 in days in total (other than certain specified uses such as holding a market or car/motorcycle racing), in any calendar year is permitted.

Accordingly this event as specified in the licensing application would constitute 'permitted development' under this part of the planning legislation.

- 3.4 The application shall be limited to SkyBar music festival only for one event period which runs on a Friday, Saturday and Sunday for one event period annually in May.
- 3.5 This event has previously operated on three occasions on the same premises under a Temporary Event Notice (TEN) since 2015.

- 3.6 A TEN with a capacity limit 499 for each evening has been granted for the SkyBar event 2018; the details are:

Activity	Day	Start	Finish
Regulated Entertainment (Live and Recorded music)	Friday 25/5/18	18:00	00:00
	Saturday 26/5/18	18:00	00:00
	Sunday 27/5/18	18:00	00:00
Late Night Refreshment	Friday 25/5/18	23:00	00:00
	Saturday 26/5/18	23:00	00:00
	Sunday 27/5/18	23:00	00:00
Supply of Alcohol on the premises	Friday 25/5/18	18:00	00:00
	Saturday 26/5/18	18:00	00:00
	Sunday 27/5/18	18:00	00:00
Hours open to the public	Friday 25/5/18	18:00	00:00
	Saturday 26/5/18	18:00	00:00
	Sunday 27/5/18	18:00	00:00

- 3.7 The proposed licensing activities and hours applied for are as follows:

Activity	Day	Start	Finish
Regulated Entertainment (Live and Recorded music) Amended after agreement with NDC E Health	Friday 25/5/18	19:00	00:00
	Saturday 26/5/18	19:00	00:00
	Sunday 27/5/18	19:00	00:00
Late Night Refreshment	Friday 25/5/18	23:00	01:00
	Saturday 26/5/18	23:00	01:00
	Sunday 27/5/18	23:00	01:00
Supply of Alcohol on the premises	Friday 25/5/18	19:00	00:30
	Saturday 26/5/18	19:00	00:30
	Sunday 27/5/18	19:00	00:30
Hours open to the public	Friday 25/5/18	19:00	01:00
	Saturday 26/5/18	19:00	01:00
	Sunday 27/5/18	19:00	01:00

- 3.8 Any grant of a premises licence may be subject to conditions applied by the Licensing Authority as a result of this hearing.
- 3.9 A plan of the premises is attached (Appendix 2)
A location plan is attached (Appendix 3)
The event management plan is attached (Appendix 4)
The noise management plan is attached (Appendix 5)

4. RELEVANT REPRESENTATIONS

4.1 The relevant licensing objectives are:

Licensing Objective	
Prevention of Crime and Disorder	x
Prevention of Public Nuisance	x
Public Safety	x
The Protection of Children From Harm.	x

4.2 Responsible Authorities:

4.2.1 Devon and Cornwall Police – No representation received.

4.2.2 Devon and Somerset Fire and Rescue Service – No representation received.

4.2.3 NDC Environmental Protection –Response received requesting additional conditions.
(Appendix 6).

4.2.4 NDC – Health Food and Safety – No representation received.

4.2.5 NDC Planning – No representation received.

4.2.6 NDC Licensing Authority – Response received requesting additional condition.
(Appendix 7).

4.2.7 Devon County Council, Business Strategy and Support Services (Child Protection) - No representation received.

4.2.8 Devon County Council, Trading Standards – No representation received.

4.2.9 Public Health Devon – No representation received.

- 4.3 The Licensing Authority has received eighteen relevant representations from:

Mr Russell Dallimore	(Appendix 8)
Mr Aldo & Mrs Annabella Baretta	(Appendix 9)
Mr Fred Cannock	(Appendix 10)
Mr Richard Windsor	(Appendix 11)
Ms Jenny Windsor	(Appendix 12)
Ms Amanda Bennett	(Appendix 13)
Mrs Gail Osbourne	(Appendix 14)
Ms Jennifer Cornell	(Appendix 15)
Mr Robert Cornell	(Appendix 16)
Mr Paul Diamond & Trudi Hill	(Appendix 17)
Mr & Mrs. D Rayner	(Appendix 18)
Ms Caroline Bailey	(Appendix 19)
Mr M Deswert	(Appendix 20)
Mr Mike Harrison	(Appendix 21)
Ms Lyn Strahan	(Appendix 22)
Mr & Mrs J K Giles	(Appendix 23)
Ms J Marshall	(Appendix 24)
Ms Jasmine Bennett	(Appendix 25)

5. RELEVANT LICENSING POLICY CONSIDERATIONS

- 5.1 The Sub-Committee is entitled to draw upon any of the considerations outlined in its Licensing Policy document. However, the most significant policy considerations appear to be the following:

- Paragraphs 3.2 to 3.2.2 (Crime and Disorder)
- Paragraphs 3.4 to 3.4.3 (Prevention of Public Nuisance)
- Paragraphs 3.3 to 3.3.2 (Public Safety)
- Paragraphs 3.4 to 3.4.3 (Prevention of Public Nuisance)

6. RELEVANT STATUTORY GUIDANCE CONSIDERATIONS

- 6.1 The Sub-Committee is entitled to draw upon any of the considerations outlined in the Statutory Guidance issued under Sec. 182 of the Licensing Act 2003 and published by the Home Office. However, the most significant statutory guidance appears to be in the following:

- Paragraphs 2.1 to 2.6 (Crime and Disorder)
- Paragraphs 2.7 to 2.13 (Public Safety)
- Paragraphs 2.14 to 2.21 (Public Nuisance)
- Paragraphs 2.22 to 2.31 (Protection of Children From harm)
- Paragraphs 14.57 to 14.58 (Planning and Building Control).

7. OPTIONS

- 7.1 The Act at section 18(3a) states that, before determining the application, the licensing authority must hold a hearing to consider it and any relevant representations. It must, having regard to the application and any relevant representations, take such steps mentioned in section 18 (4) (if any) as it considers necessary for the promotion of the licensing objectives.
- 7.2 In determining this application, the Sub Committee must take one of the following steps as outlined in section 2.2.1 of this report.
- 7.3 If a licence is granted any relevant mandatory conditions must be imposed in addition to any conditions the subcommittee decides to impose at the hearing. Mandatory conditions are standard conditions imposed by way of legislation and in respect of which there is no power to vary.
- 7.4 Any party to the hearing has the right of appeal to North and East Devon Magistrates' Court following the determination of the application under section 181 of the Act.

8. BACKGROUND PAPERS

- Licensing Act 2003.
- Amended guidance issued under section 182 of the Licensing Act 2003 (Home Office April 2017).
- Licensing Act 2003 (Hearings) Regulations 2005.
- North Devon Council Licensing Policy.

Provide a general description of the premises

For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies you must include a description of where the place will be and its proximity to the premises.

An open green space adjacent to Croyde road (B3231) with a double gated entrance situated at the top of the field and a small pedestrian gate in the bottom right corner. The space has fencing around the majority of its perimeter and a large hedge running up its left hand side.
The license shall be limited to SkyBar, Croyde which will run on a Friday, Saturday and Sunday for one event period annually in May.

Section 18 of 21

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

Strong management controls and effective training of all staff so that they are aware of the premises licence and the requirements to meet the four licensing objectives with particular attention to:

a/ no selling of alcohol to underage people

b/ no drunk and disorderly behaviour on the premises area

c/ vigilance in preventing the use and sale of illegal drugs at the retail area

d/ no violent and anti-social behaviour

e/ no any harm to children

Operating Schedule providing the hours of operation and licensable activities during those hours.

Designated premises supervisor controlling the day-to-day operation of the premises, to provide good training for staff on the Licensing Act, to make or authorise each sale.

Clear "Challenge 21" information to prevent the supply of alcohol to under-age drinkers.

As a licensed premises we know that it is necessary to carry out our functions with a purpose of promoting these objectives. We promise to support these objectives through operating schedules and other measures (including staff training, Event Management Plans ((EMP)), Noise Management Plans ((NMP)) Health and Safety Plans ((H&S)) and strategic partnerships with other agencies (e.g local community associations, police, fire etc).

Continued from previous page...

b) The prevention of crime and disorder

Certified, experienced and identifiable security personnel patrolling and stationed at specific points within the premises.
A clear and legible notice at key locations within the premises indicating a zero tolerance to drugs and other criminal activity.

Random bag searches at secure entrance to site.

Prevention and vigilance in illegal drug use in all areas of the premises.

Staff will be well trained in asking customers to use premises in an orderly and respectful manner and prevent drinking alcohol outside of the premises.

The Sky Bar has built a reputation as a friendly and safe environment for its customers to enjoy and in doing so has always embraced a zero tolerance to any crime or antisocial behaviour.

c) Public safety

Internal and external lighting fixed to promote the public safety objective.

Well trained staff adherence to environmental health requirements.

Training and implementation of underage ID checks.

All parts of the premises and all fittings and apparatus therein, lighting, heating, electrical, air condition, sanitary accommodation and other installations, will be maintained at all times in good order and in a safe condition.

Clear and concise notices warning of potential dangers such as falls and road traffic to be posted at key locations as well as security personal patrolling premises boundaries throughout and specifically on closing.

Comprehensive H&S and EMP plans.

d) The prevention of public nuisance

Detailed NMP plan to ensure all potential noise disturbance issues are addressed.

All amplified music to be projected away from any dwellings and residential property as best possible.

Monitoring of sound throughout the premises operating hours, controlled directly by premises supervisor and onsite audio engineer.

Prominent, clear and legible notices will be displayed at the premises exit, requesting the public to respect the needs of nearby residents and to leave the premises and the area quietly.

The event will finish at exactly 01:00 with security and staff guiding customers towards the exit. The premises is expected to be clear of all customers by 01:15.

Deliveries of goods necessary for the operation of the business will be carried out at such a time or in such a manner as to prevent nuisance and disturbance to nearby residents.

The Licensee will ensure all staff undertaking any activities required to take place outside of the premises opening hours, conduct themselves in such a manner to avoid causing disturbance to nearby residents.

Customers will be asked not to stand around loudly talking outside the premises.

The vast majority of tickets are pre-sold electronically. This allows for communication of the event conditions including expectations of customer conduct during and post event.

The movement of bins and rubbish outside the premises will be kept to a minimum after 11.00pm. This will help to reduce the levels of noise produced by the premises.

Any lighting on or outside the premises will be positioned and screened in such a way so as to not cause a disturbance to nearby residents.

Adequate waste receptacles for use by customers will be provided in the local vicinity.

e) The protection of children from harm

Premises not open to under 18's. Full ID checks taking place at premises entrance by trained security personnel.

"Challenge 21" sign which is a retailing strategy that encourages anyone who is over 18 but looks under 21 to carry acceptable ID (a card bearing the PASS hologram, a photographic driving license or a passport) if they wish to buy alcohol.

Well trained staff about requirement for persons' identification, age establishment etc.

Section 19 of 21

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this by providing with this application copies or scanned copies of the following documents (which do not need to be certified).

Documents which demonstrate entitlement to work in the UK

- An expired or current passport showing the holder, or a person named in the passport as the child of the holder, is A British citizen or a citizen of the UK and Colonies having the right of abode in the UK [please see note below about which sections of the passport to copy].
- An expired or current passport or national identity card showing the holder, or a person named in the passport as the child of the holder, is a national of a European Economic Area country or Switzerland.
- A Registration Certificate or document certifying permanent residence issued by the Home Office to a national of a European Economic Area country or Switzerland.
- A Permanent Residence Card issued by the Home Office to the family member of a national of a European Economic Area country or Switzerland.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder indicating that the person named is allowed to stay indefinitely in the UK, or has no time limit on their stay in the UK.
- A **current** passport endorsed to show that the holder is exempt from immigration control, is allowed to stay indefinitely in the UK, has the right of abode in the UK, or has no time limit on their stay in the UK.
- A **current** Immigration Status Document issued by the Home Office to the holder with an endorsement indicating that the named person is allowed to stay indefinitely in the UK or has no time limit on their stay in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A **full** birth or adoption certificate issued in the UK which includes the name(s) of at least one of the holder's parents or adoptive parents, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the Channel Islands, the Isle of Man or Ireland **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A certificate of registration or naturalisation as a British citizen, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A **current** passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.

Continued from previous page...

- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.
- A **current** Residence Card issued by the Home Office to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights or residence.
- A **current** Immigration Status Document containing a photograph issued by the Home Office to the holder with an endorsement indicating that the named person may stay in the UK, and is allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A Certificate of Application, **less than 6 months old**, issued by the Home Office under regulation 17(3) or 18A (2) of the Immigration (European Economic Area) Regulations 2006, to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.
- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.
- Reasonable evidence that a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence in exercising treaty rights in the UK including:-
 - evidence of the applicant's own identity – such as a passport,
 - evidence of their relationship with the European Economic Area family member – e.g. a marriage certificate, civil partnership certificate or birth certificate, and
 - evidence that the European Economic Area national has a right of permanent residence in the UK or is one of the following if they have been in the UK for more than 3 months:
 - (i) working e.g. employment contract, wage slips, letter from the employer,
 - (ii) self-employed e.g. contracts, invoices, or audited accounts with a bank,
 - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
 - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Section 20 of 21

NOTES ON REGULATED ENTERTAINMENT

Continued from previous page...

In terms of specific **regulated entertainments** please note that:

- **Plays:** no licence is required for performances between 08:00 and 23.00 on any day, provided that the audience does not exceed 500.
- **Films:** no licence is required for 'not-for-profit' film exhibition held in community premises between 08.00 and 23.00 on any day provided that the audience does not exceed 500 and the organiser (a) gets consent to the screening from a person who is responsible for the premises; and (b) ensures that each such screening abides by age classification ratings.
- **Indoor sporting events:** no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000.
- **Boxing or Wrestling Entertainment:** no licence is required for a contest, exhibition or display of Greco-Roman wrestling, or freestyle wrestling between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000. Combined fighting sports – defined as a contest, exhibition or display which combines boxing or wrestling with one or more martial arts – are licensable as a boxing or wrestling entertainment rather than an indoor sporting event.
- **Live music:** no licence permission is required for:
 - o a performance of unamplified live music between 08.00 and 23.00 on any day, on any premises.
 - o a performance of amplified live music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
 - o a performance of amplified live music between 08.00 and 23.00 on any day, in a workplace that is not licensed to sell alcohol on those premises, provided that the audience does not exceed 500.
 - o a performance of amplified live music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
 - o a performance of amplified live music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school or (iii) the health care provider for the hospital.
- **Recorded Music:** no licence permission is required for:
 - o any playing of recorded music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
 - o any playing of recorded music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
 - o any playing of recorded music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school proprietor or (iii) the health care provider for the hospital.

Continued from previous page...

- Dance: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500. However, a performance which amounts to adult entertainment remains licensable.
- Cross activity exemptions: no licence is required between 08.00 and 23.00 on any day, with no limit on audience size for:
 - o any entertainment taking place on the premises of the local authority where the entertainment is provided by or on behalf of the local authority;
 - o any entertainment taking place on the hospital premises of the health care provider where the entertainment is provided by or on behalf of the health care provider;
 - o any entertainment taking place on the premises of the school where the entertainment is provided by or on behalf of the school proprietor; and
 - o any entertainment (excluding films and a boxing or wrestling entertainment) taking place at a travelling circus, provided that (a) it takes place within a moveable structure that accommodates the audience, and (b) that the travelling circus has not been located on the same site for more than 28 consecutive days.

Section 21 of 21**PAYMENT DETAILS**

This fee must be paid to the authority. If you complete the application online, you must pay it by debit or credit card. The fee is based on the Premises Rateable Value - please see the Council's website for further information - http://www.northdevon.gov.uk/index/lgcl_council_government_and_democracy/nonlgcl_charges_for_council_facilities_and_services/nonlgcl_environmental_health_charges.htm#premises_licences. In the case of further query, please telephone the Customer Service Centre for further help and guidance.

Risk assessments and management

Attached

Risk assessments – contractors

Electrosafe Power
Dymond Audio Sound

Security

Coast 2 Coast Security

Stewarding

In-House

Emergency procedures

Full site safety procedures are carried out prior to event

First aid and medical cover

Full first aid facilities, first aid station and a minimum of 6 first aiders

Electricity

All electrical installations, even temporary ones, must comply with the Electricity at Work Regulations 1989. Any event that has electrical supply included must have a competent electrician sign off the installation before the event starts.

All lights, generators and power cables are supplied by Electrosafe
[Http://www.electrosafepower.com/index.html](http://www.electrosafepower.com/index.html)

Fire safety at your event

Full fire risk assessment carried out and self-certified prior to each event. All required fire safety eqp will be in place.

Temporary structures

Stretch marquee in accordance with full safety requirements.

Event communications – surrounding residents

Comprehensive communication is conducted prior to the event with local community via personal 'door to door' calling and through other local channels (Croyde Surf School). Direct contact details for event managers publically available.

Event day communications – internal

Communication is via a public address system with loud hailer as back up

Event day communications – audience

As above

Licensing

Full premises license application submitted and awaiting review.

Insurance

Public liability documentation attached

Provision of food

Two local, small street food vans will be in attendance

Site plan

Attached

Spectators and viewing areas

Full premises license with capacity set at 1000

Media

Media coordinator: Phillipa kay

Toilets

You must provide adequate toilets facilities for your event attendees, staff and contractors. You will also need disabled facilities plus separate sanitary facilities for caterers.

The HSE guidelines for toilets numbers are provided below.

For events with a gate opening time of 6 hours or more		For events with a gate opening time of less than 6 hours duration	
Female	Male	Female	Male
5 cubicles	3 cubicles. 1 urinal	1 toilet per 120 females	1 toilet per 600 males and 1 urinal per 175 males

12 urinals and 3 toilets for males

12 cubicles for ladies

Vehicles on site

No Vehicles moving around site when we are open unless emergency vehicles

Traffic, transport and parking

There will be a taxi drop off point and no parking on site

Full emergency access will be available at all times

Substantial car park adjacent to event site

Environmental considerations

Waste management

Biffa Bins will provide 15 1000L bins
Full recycling carried out via the local council

Recycling

All waste recycled

Noise

We have chosen a remote location and all dwelling within hearing distance will be notified. Full NMP plan in place and sound is monitored every 30mins to ensure minimum disruption.
Customers notified via email and signage at the event reminding them of expected conduct when leaving.

Weather

Minimal risk of weather disruption. We will cancel the event and refund all ticket holders in the event of cancellation. Customers will be contacted via e mail prior to the event.

Introduction

This Noise Management Plan contains details of the noise management strategies that Blue Sky Event Management Ltd will implement at the skybar event at Down end, Croyde 25-27th May 2018 and to ensure that the sections of the licence relating to noise issues and management are addressed and enforced throughout the event duration.

To prepare this Noise Management Plan Blue Sky Event Management Ltd have used National HSE guidelines relating to Events and Noise at work, the CIEH and the Code of Practice on Environmental Noise Control at Concerts by the Noise Council.

In addition, Blue Sky Event Management Ltd have drawn on the experience and knowledge from our sound and lighting supplier Dymond Audio.

Noise Management Strategy

Blue Sky Event Management Ltd will appoint a Noise Management Officer (NMO) to act as a point of contact throughout the event. The NMO's sole duty will be the management of noise issues arising from the licensed site during operational hours on behalf of the licensee.

The appointed NMO will be present during the entire event including the background noise survey and sound check to be undertaken the day before.

The NMO will have absolute authority over all Event Managers, Performers & DJ's where there is any concern that a breach of the Noise Management Plan and subsequent licence may occur.

All staff, DJ's & performer's working at skybar Croyde will be made aware before the event that the NMO's position is being undertaken as part of the licence agreement and that this role has been appointed by the directors of Blue Sky Event Management Ltd.

The NMO will report directly to the licensee's in all matters relating to noise management and sound level control.

Reporting flow chart:

Unlike a festival where you may have several 'venues or stages' producing noise, the skybar is a single venue event and there are not tiers of people to get through in order to control noise levels. The NMO has received appropriate training in the use of the sound equipment prior to the event and has direct access to the sound system volume controls during the event. The NMO will be situated on the skybar site but will be visiting the identified noise sensitive premises to undertake noise monitoring.

The Monitoring of Noise on and off Site before & during the Event

The monitoring of noise will take place:

- During a sound check the day before the event
- A background noise survey the day before the event during hours the event will be operational
- The licensed hours of skybar Croyde 2018

Most of the noise generated will be from the sound system in the skybar tent.

The monitoring of noise from the licensed site will take place at the following locations:

- DJ / Performance Stage (this is also where the NMO will have access to the sound system controls)
- The boundary of the identified noise sensitive premises

The sound level meter is a Sauter SU 130, ISO 961-200 class 2 device

Noise sensitive premises

To obtain a reference Music Noise Level measurement; During the sound check on the day preceding the event a level will be taken at the boundary of the identified noise sensitive premises to give a reference figure of 65dB(A) (up to 23:00) and 45dB(A) for after 23:00 - both figures LAeq, 15 min. The sound system will be adjusted during this sound check to achieve a figure approx 3dB lower to allow a margin for error.

During the event; levels will be monitored at 30 min intervals at the noise sensitive premises and measurements accurately recorded (see appendix 2), these records will be available to officers of the licensing authority upon request during and subsequent to the event

DJ / Performance Stage

Once the reference level at the noise sensitive premises has been achieved a corresponding level reading at the DJ / performance stage will be taken so that the sound levels can be monitored on site to ensure they do not go above the agreed Music Noise Level.

In addition the NMO will ensure that the sensitive low frequency octaves (63 and 125Hz) are at least 3dB (LZeg, 15 Min) below the agreed Music Noise Level.

Additional measures: The sound system will have a volume limiter in place that reduces the system volume once a preset threshold has been reached, this threshold will be set by Dymond Audio to assist Blue Sky Event Management Ltd in meeting the agreed Music Noise Level.

**Noise Sensitive Premises-
locations**

es / off-site monitoring

skybar

Noise sensitive premises 1

Noise sensitive premises 2

The two above premises are possible noise sensitive locations and these are the two premises where, with the agreement of North Devon Council noise levels will be monitored from.

Responsibilities, Complaints Handling & Reporting

This section is to clearly define roles and responsibilities under the Noise Management Plan.

Responsibility	Organisation / Position
Background Noise survey	Blue Sky Event Management Ltd - NMO
Set Target Sound Levels	Blue Sky Event Management Ltd - NMO
Sound Monitoring off-site	Blue Sky Event Management Ltd - NMO
Complaints Line Handling	Blue Sky Event Management Ltd - Licensee / Event Manager
Reporting	Blue Sky Event Management Ltd - Licensee / Event Manager

Complaint Handling

To ensure that local residents are aware of the event in advance and know how to contact the Blue Sky Event Management team we will undertake a letter drop to residents within the local vicinity. This will include a contact telephone number which will be available throughout the event duration for any local resident or the licensing authority to contact the Licensee / Event manager who will contact the NMO with the relevant authority to turn down the music level if applicable.

The number that will be published is: 07821 407709

Upon receiving a reasonable request from an officer of the licensing authority, the NMO will be able to temporarily adjust the sound system settings to turn down either broadband sound levels or a particular octave band, should this request be made the NMO will work with the officer from the licensing authority to achieve a music noise level that complies thereafter.

If a noise complaint is received the Licensee / Event manager will immediately contact the NMO who will measure the Noise Level at the DJ / Performance stage to check that it is below the reference Music Noise Level. The complaint will be checked for its validity and the overall level reduced by 3dB whilst a Noise Level check is performed at the Noise Sensitive Locations and/or the complainants location to ensure that the level is within the agreed Music Noise Level.

Noise at Work

Overall responsibility for on-site Health & Safety issues lies with skybar event organisers; Blue Sky Event Management Ltd. They will work with Dymond Audio and other suppliers to ensure that all Health & Safety requirements are met and to enforce the Noise at Work Regulations 2005 which came in to force in April 2006.

The Noise Regulations 2005 require employers to prevent or reduce risks to health and safety from exposure to noise at work. Employees have duties under the regulations too. The regulations require Blue Sky Event Management Ltd as an employer to:

- Assess the risks to employees from noise at work (the skybar event)
- Take action to reduce exposure that produces those risks by issuing free ear plugs & allowing regular breaks away from the noise control area
- Provide employees with hearing protection (as above) if you cannot reduce the noise exposure enough by using other methods
- Make sure the legal limits on noise exposure are not exceeded
- Provide employees with information, instruction & training
- Carry out health surveillance where this a risk to health

In addition, the main staff work areas (bars) are off axis with the sound system.

The regulations do not apply to members of the public exposed to noise from their non-work activities, or making an informed choice to go to a noisy place (the skybar event).

Appendix one - Definitions & Terminology

Definition	Meaning
Noise Management Office (NMO)	The person given overall responsibility by the event organiser for monitoring noise levels in accordance with the prevailing conditions, and who has the ability and authority to make decisions and implement changes in noise level during the event
Background Noise Level	The prevailing sound level at a location in terms of the LA90T, on an equivalent day and at an equivalent time when no event or sound checks are taking place
dB(A)	The A-weighted sound pressure level whereby various frequency components of sound are weighted (equalized) to reflect the way the human ear responds to different frequencies
LAEQ	The equivalent continuous noise level which at a given location and over a given period of time contains the same A-weighted sound energy as the actual fluctuating noise at the same location over the same period
LA90T	The A-weighted sound pressure level exceeded for 90% of the measuring period (T)
Music Noise Level	The LAEQ of the music noise measured at a particular location

The following paragraph is an extract from the Code of Practice on Environmental Noise Control at Concerts by the Noise Council & describes the importance of not allowing ambient or background noise (Background Noise Level) to interfere with an events sound level monitoring.

“When measuring LAEQ in order to determine the music noise level, care must be taken to avoid local noise sources influencing the result full stop. When the local noise is intermittent, a series of short term LAEQ measurements should be made of the music noise while the local source is absent or has subsided to typically low or mean minimum values. An average of these short term readings will give an estimate of the music noise level. A further option would be to measure the A-weighted sound pressure level on a sound level meter complying with type 2 or better of BS5969 with the time weighting set to S (slow response) when the music is loudest and not influenced by local noise. If the local source is continuous, make a measurement of the LAEQ of the local source when the music is not occurring, and make a correction to the measured LAEQ when the music is occurring to obtain an estimate of the music noise level.”

Attachments: Re: Application for the grant of a premises licence - Skybar- WK/201707756

Dear Licensing,

I am writing to advise that the applicant has now agreed to a 12:00am (midnight) finish and for the conditions below (please see email below) to be placed in the license. Please find his written confirmation in the email attached.

I would therefore like to withdraw the representation.

Kind Regards,

Oluwatobi Eke

Subject: Representation - Premises License - Skybar

Dear Licensing,

I am writing to confirm that despite my previous attempts to mediate an acceptable solution with the applicant, I would like to submit a representation in relation to the above on the grounds of public nuisance.

I have tried unsuccessfully to agree a 12:00am (midnight) finish with the applicant for all the music events and also to the following conditions being placed in the license;

1. The Music Noise Level measured over a 15 minute period (LAeq, 15min) at the boundary of any noise sensitive premises shall not exceed a level 65dB(A) during the daytime (defined as between the hours of 09.00 and 23.00) on any day. At all other times the Music Noise Level shall not exceed 45dB LAeq 15 min at the boundary of any noise sensitive premises. Between the hours of 23.00 and 08.00 the levels at the relevant sound mixer positions shall be controlled such that at the boundary of any noise sensitive premises the 63 Hz and 125 Hz octave band levels, measured over a period of 15 minutes (LZeq, 15min) shall not exceed a level 3 d(B) below the agreed Music Noise Level.
2. Access will be granted to officers of the licensing authority to all areas of the site relevant to an investigation of music noise levels, to include front of house and monitor sound mixing positions.

3. During the whole course of the event, a noise monitoring system shall be in place. Two off-site monitoring locations shall be established to the satisfaction of the licensing authority and prior to the event commencing. The results of noise monitoring shall be available to officers of the licensing authority upon request and data provided to the authority upon request subsequent to the event.
4. There will be a manned, charged telephone, with reception, throughout the event -and that there will be a dedicated person on site with the relevant responsibility to turn down the noise levels on request throughout the event.
5. Upon the reasonable request by officers of the licensing authority and at any time during the event, the sound operator shall temporarily adjust the configuration of the amplification system to reduce either broadband sound levels or sound levels within a particular octave band. Thereafter the applicant shall agree with the officer a music noise level to achieve compliance with noise limits.
6. All other potential sources of noise throughout the site shall be monitored and regulated accordingly.
7. Where the noise level of any noise source is found to be excessive by an officer of the licensing authority, it shall be immediately reduced to a level acceptable to the officer.
8. The measures which will be put in place to enable those residents who have the potential to be adversely affected by the event to contact the event organiser throughout the event if they wish to, and how such residents will be notified of such measures.
9. All complaints received will be recorded, thoroughly investigated, and the outcome / remedial actions also recorded. If it is alleged or suspected that the music noise levels are being breached, sound level monitoring will be undertaken from the relevant complainant's property. Remedial action will be taken to reduce levels when non compliance with license conditions is identified

Hi Oluwatobi,

Following representation made by several parties we have decided that to avoid ruffling feathers and causing unnecessary concern we will be happy to revert to the closing time of midnight ,as has been the case for the last 3 years.

As there were no complaints made concerning noise levels last year over the 3 nights ,we hope that with the same monitoring we can achieve a clean sheet again this year.

Regards,

Tim

Hi Oluwatobi

We are happy to agree to all the information listed below to be included in to our N.M.P With the site being next to a main road we have had issues over the last few years of traffic noise exceeding the 45db on the monitoring eqp placed at the noise sensitive premises. With this in mind we will by way of comparison monitor and record noise levels prior to the event starting.

Could we please have email confirmation that you are happy with our manual measurement and record keeping method of one reading every 15 mins at each location .

Should you require any further information please feel free to contact me at anytime.

Kind regards,

Tim

Subject: RE: Application for the grant of a premises licence - Skybar- WK/201707756

Dear Tim,

Further to our recent email correspondence and discussions with Andy Cole, this is to advise that we will be recommending the following contents of our guidance on Noise Management Plans to the Licensing Authority to include in the licensing conditions;

1. The event will be run in accordance with a Noise Management Plan (NMP).

2. The NMP shall be submitted to North Devon Council for approval no later than 6 weeks prior to commencement of the event (for licensed events).
3. The NMP shall include the information detailed below :
- confirmation that The Music Noise Level measured over a 15 minute period (LAeq, 15min) at the boundary of any noise sensitive premises shall not exceed a level 65dB(A) during the daytime (defined as between the hours of 09.00 and 23.00) on any day. At all other times the Music Noise Level shall not exceed 45dB LAeq 15 min at the boundary of any noise sensitive premises. Between the hours of 23.00 and 08.00 the levels at the relevant sound mixer positions shall be controlled such that at the boundary of any noise sensitive premises the 63 Hz and 125 Hz octave band levels, measured over a period of 15 minutes (LZeq, 15min) shall not exceed a level 3 d(B) below the agreed Music Noise Level.
 - confirmation that access will be granted to officers of the licensing authority to all areas of the site relevant to an investigation of music noise levels, to include front of house and monitor sound mixing positions.
 - confirmation that during the whole course of the event, a noise monitoring system shall be in place. Two off-site monitoring locations shall be established to the satisfaction of the licensing authority and prior to the event commencing. The results of noise monitoring shall be available to officers of the licensing authority upon request and data provided to the authority upon request subsequent to the event.
 - confirmation that there will be a manned, charged telephone, with reception, throughout the event -and that there will be a dedicated person on site with the relevant responsibility to turn down the noise levels on request throughout the event.
 - confirmation that upon the reasonable request by officers of the licensing authority and at any time during the event, the sound operator shall temporarily adjust the configuration of the amplification system to reduce either broadband sound levels or sound levels within a particular octave band. Thereafter the applicant shall agree with the officer a music noise level to achieve compliance with noise limits.
 - confirmation that all other potential sources of noise throughout the site shall be monitored and regulated in accordance with the Noise Management Plan.
 - confirmation that where necessary the noise level of any noise source found to be excessive by an officer of the licensing authority shall be immediately reduced to a level acceptable to the officer.
 - confirmation of the measures which will be put in place to enable those residents who have the potential to be adversely affected by the event to contact the event organiser throughout the event if they wish to, and how such residents will be notified of such measures.
 - confirmation that all complaints received will be recorded, thoroughly investigated, and the outcome / remedial actions also recorded. If it is alleged or suspected that the music noise levels are being breached, sound level monitoring will be undertaken from the relevant complainant's property. Remedial action will be taken to reduce levels when non compliance with license conditions is identified

Dear Mr Bawden,

I have discussed in detail with my lead officer Andy Cole and I am fully aware of the event history. I am in support of the application in principle, however, in accordance with the Council's noise management inclusions for event management plans, some details have been omitted from your Noise Management Plan.

Can you please amend your Noise Management Plan to include the information detailed below;

1. Confirmation that access will be granted to officers of the Licensing Authority to all areas of the site relevant to an investigation of music noise levels, to include front of house and monitor sound mixing positions
2. Confirmation that all other potential sources of noise throughout the site shall be monitored and regulated in accordance with the Noise management Plan.

As for the recorded and live music events ending at 1am, as you are aware, our preference will be for all music events to finish by 12am on all of the three nights.

Please amend and re-submit the Noise Management Plan by 9th March 2018.

If you do not respond with this information by the end of March 9th, then we will be making a representation to the Licensing Authority on the grounds of public nuisance.

Please do not hesitate to contact me if you have any further queries.

Subject: Representation - Premises License - Skybar
Attachments: RE: Application for the grant of a premises licence - Skybar- WK/201707756; Re: Application for the grant of a premises licence - Skybar- WK/201707756

Dear Licensing,

I am writing to confirm that despite my previous attempts to mediate an acceptable solution with the applicant, I would like to submit a representation in relation to the above on the grounds of public nuisance.

I have tried unsuccessfully to agree a 12:00am (midnight) finish with the applicant for all the music events and also to the following conditions being placed in the license;

1. The Music Noise Level measured over a 15 minute period (LAeq, 15min) at the boundary of any noise sensitive premises shall not exceed a level 65dB(A) during the daytime (defined as between the hours of 09.00 and 23.00) on any day. At all other times the Music Noise Level shall not exceed 45dB LAeq 15 min at the boundary of any noise sensitive premises. Between the hours of 23.00 and 08.00 the levels at the relevant sound mixer positions shall be controlled such that at the boundary of any noise sensitive premises the 63 Hz and 125 Hz octave band levels, measured over a period of 15 minutes (LZeq, 15min) shall not exceed a level 3 d(B) below the agreed Music Noise Level.
2. Access will be granted to officers of the licensing authority to all areas of the site relevant to an investigation of music noise levels, to include front of house and monitor sound mixing positions.
3. During the whole course of the event, a noise monitoring system shall be in place. Two off-site monitoring locations shall be established to the satisfaction of the licensing authority and prior to the event commencing. The results of noise monitoring shall be available to officers of the licensing authority upon request and data provided to the authority upon request subsequent to the event.
4. There will be a manned, charged telephone, with reception, throughout the event -and that there will be a dedicated person on site with the relevant responsibility to turn down the noise levels on request throughout the event.
5. Upon the reasonable request by officers of the licensing authority and at any time during the event, the sound operator shall temporarily adjust the configuration of the amplification system to reduce either broadband sound levels or sound levels within a particular octave band. Thereafter the applicant shall agree with the officer a music noise level to achieve compliance with noise limits.
6. All other potential sources of noise throughout the site shall be monitored and regulated accordingly.
7. Where the noise level of any noise source is found to be excessive by an officer of the licensing authority, it shall be immediately reduced to a level acceptable to the officer.
8. The measures which will be put in place to enable those residents who have the potential to be adversely affected by the event to contact the event organiser throughout the event if they wish to, and how such residents will be notified of such measures.
9. All complaints received will be recorded, thoroughly investigated, and the outcome / remedial actions also recorded. If it is alleged or suspected that the music noise levels are being breached, sound level monitoring

will be undertaken from the relevant complainant's property. Remedial action will be taken to reduce levels when non compliance with license conditions is identified

Hi Oluwatobi,

Sorry for the confusion on this matter and that you feel dissapointed

When I spoke with you on the telephone last week from Barcelona I told you that we would be happy to compromise to a 12:30 finish.

Your second email was sent on the 20th of March at 13:30 , I tried to call you at straight away but you were not available, i tried twice again yesterday and left messages as you weren't available.

The call was to tell you that we have received your request and that I am awaiting the approval of the conditions from our sound engineer.

I understand that you are in meetings for most of the day ,however if you get chance I would appreciate it if you could return my call.

We will have a response to your N.M.P inclusions in the next 24 hours.

Kind regards,

Tim.

Dear Tim Bawden,

I am disappointed that you have not responded to my recent emails.

Just to clarify, please I need you to respond and confirm the following;

1. All the music events will finish at 12am (midnight)
2. That you are happy for the contents of our guidance (please previous email below) to be included in the licensing conditions

Please be advised that if I do not receive a response from you by the end of Friday the 23rd of March, I will be submitting a representation to the licensing authority on the grounds of public nuisance.

From: Oluwatobi Eke**Sent:** 20 March 2018 13:36**To:** 'Tim Bawden'**Cc:** Andy Cole**Subject:** RE: Application for the grant of a premises licence - Skybar- WK/201707756

Dear Tim,

Further to our recent email correspondence and discussions with Andy Cole, this is to advise that we will be recommending the following contents of our guidance on Noise Management Plans to the Licensing Authority to include in the licensing conditions;

1. The event will be run in accordance with a Noise Management Plan (NMP).
2. The NMP shall be submitted to North Devon Council for approval no later than 6 weeks prior to commencement of the event (for licensed events).
3. The NMP shall include the information detailed below :
 - confirmation that The Music Noise Level measured over a 15 minute period (LAeq, 15min) at the boundary of any noise sensitive premises shall not exceed a level 65dB(A) during the daytime (defined as between the hours of 09.00 and 23.00) on any day. At all other times the Music Noise Level shall not exceed 45dB LAeq 15 min at the boundary of any noise sensitive premises. Between the hours of 23.00 and 08.00 the levels at the relevant sound mixer positions shall be controlled such that at the boundary of any noise sensitive premises the 63 Hz and 125 Hz octave band levels, measured over a period of 15 minutes (LZeq, 15min) shall not exceed a level 3 d(B) below the agreed Music Noise Level.
 - confirmation that access will be granted to officers of the licensing authority to all areas of the site relevant to an investigation of music noise levels, to include front of house and monitor sound mixing positions.
 - confirmation that during the whole course of the event, a noise monitoring system shall be in place. Two off-site monitoring locations shall be established to the satisfaction of the licensing authority and prior to the event commencing. The results of noise monitoring shall be available to officers of the licensing authority upon request and data provided to the authority upon request subsequent to the event.
 - confirmation that there will be a manned, charged telephone, with reception, throughout the event - and that there will be a dedicated person on site with the relevant responsibility to turn down the noise levels on request throughout the event.
 - confirmation that upon the reasonable request by officers of the licensing authority and at any time during the event, the sound operator shall temporarily adjust the configuration of the amplification system to reduce either broadband sound levels or sound levels within a particular octave band. Thereafter the applicant shall agree with the officer a music noise level to achieve compliance with noise limits.
 - confirmation that all other potential sources of noise throughout the site shall be monitored and regulated in accordance with the Noise Management Plan.

- confirmation that where necessary the noise level of any noise source found to be excessive by an officer of the licensing authority shall be immediately reduced to a level acceptable to the officer.
- confirmation of the measures which will be put in place to enable those residents who have the potential to be adversely affected by the event to contact the event organiser throughout the event if they wish to, and how such residents will be notified of such measures.
- confirmation that all complaints received will be recorded, thoroughly investigated, and the outcome / remedial actions also recorded. If it is alleged or suspected that the music noise levels are being breached, sound level monitoring will be undertaken from the relevant complainant's property. Remedial action will be taken to reduce levels when non compliance with license conditions is identified

Message: I am writing to object to the application to extend the licencing hours for the Sky bar at Downend in Croyde in May.

Croyde Village is a holiday village and not a resort.

This location is very close to residential properties and in the most scenic location.

Granting this application will without doubt set a precedent for all other venues and events in the locality to extend the hours of licensed activities.

Local Hotels, public houses, restaurants, holiday camping and caravan sites etc all have to abide by licencing laws and the restrictions and limitations of those laws. The owners of Down End appear to be able to flaunt these laws for their own gain at the expense of existing established business' that employ staff throughout the year

The owners of the site already maximise the location as a venue for parties and weddings, capitalising on every opportunity possible at a cost to the local village and its character....with little or no benefit to the village, this therefore is not just a one off event in May but an opportunity to continue throughout the year. We wish to sustain the village population (down to 42%in property count) ,wise decisions have to be made to limit noisy, disruptive, and antisocial behaviour usually associated with music, alcohol consumption, and large numbers of party goers. to an acceptable level, with reasonable time constraints, before we lose more of the long term local population who are the soul of the village and appreciate and help sustain its beauty. We welcome those who value and respect this lovely location.... not opportunism and selfish gain.

Subject: License application 047586

I am writing to register my objection to the application 047586 .The basis for this opposition is that granting a extended licence for Skybar will promote disorder and antisocial behaviour.

We already suffer noise nuisance and antisocial behaviour at all hours of the night. We have endured this inconvenience since inception.

In view of the above, I would urge the Licensing Authority to refuse the application.

Subject: Licensing.

Dear Sir, It has been brought to my notice that a license has been applied for (047586 Down End Field) by Blue Sky Management Event Ltd.

I have no objection to such an event although in the past have suffered damage to the front of my property that is still visible today. Please see my front brick built gate pillars.

I do object though to music after midnight in a residential area. Please be fair to those that live here and have nothing to gain from such an event but disturbance and at most times vandalism.

We are so fortunate to live in such a beautiful area and welcome all those that are able to share it with us but please don't smash the place up after a few drinks.

I am now ninety years old but still young at heart and I love to see the younger folk enjoying themselves but not at others expense.

Please, please, police the event with marshals especially after midnight when the party goers are making their way home.

Have a great time.

Devon. EX33 1QE

EX33 1QE

Dear Sir/madam

Re: Application for Premises Licence No: 047586 Down end Field, Croyde

For Bluesky Events Management Ltd (Skybar)

I live next to the Down End field where Skybar is held. I most strongly object to any increase in times and numbers of attendees at these events. In fact, I object to this event being allowed at this location at all, and for the following reasons:

PUBLIC SAFETY As a local volunteer coastguard for many years, we have many instances of people falling or trying to climb cliffs. There is an unfenced cliff next to this site on the coastal footpath. People who have been drinking do stupid things: this is an incident waiting to happen! Likewise, having been drinking, some people feel the need to play in the sea. Alcohol and swimming is a deadly combination especially on Croyde beach.

Further public safety issues would be 1000 Skybar customers going back and forth to their cars across a busy road which is on a bend, then add alcohol and the danger is increased. There is also a danger to traffic on Down End corner when drivers are distracted by noise and flashing lights.

CRIME A number of instances spring to mind from past Skybar events, as my house overlooks the carpark. I have seen people selling unknown things in the carpark, only to find, days later, cylinders of used and unused nitrous oxide gas, which I consequently handed into the Barnstaple police station.

We also had a number of instances of people entering our premises, by climbing over our back hedge and triggering the security lights. I approached one person who was using our garden as a toilet, and was told go away or else (albeit in slightly different language). This is not an unusual occurrence in the hours after a Skybar event.

After the first two years of complaining to the police and being told no crimes were committed, I stopped reporting them as I felt I was simply wasting my time.

CHILD SAFETY As my property overlooks the carpark I have witnessed a campervan being left there with children inside, whilst the parents have gone over to the Skybar. There is also the obvious danger to children who use the footpath to the beach which adjoins the field. Older children are often not accompanied by adults at all times and are drawn to the music and bright lights, plus the fence is low and easily mounted.

In our property which we let to tourists, there are windows overlooking the carpark, and one year just after the Skybar had closed, two children were woken by the noise of a group of naked men – who had been skinny-dipping – running around in the carpark. We also had an incident of a drunken man attempting to gain entrance into our adjoining property.

PUBLIC NUISANCE Is it fair to the residents of Croyde to put up with the noise and disturbance that accompanies these events? There is very little benefit to any residents of Croyde. I know my neighbour, Mr. Cannock had damage done to his property when one of the stonework balls on his entrance pillar was taken. I asked if he had reported it to the police, and he said no, and the ball is still missing! Mr Cannock and his wife are both in their late eighties.

Finally, these events had TENs (Temporary Event Notices) for the past three years. For the first 2 years they exceeded their numbers of attendees (in excess of 499 persons) on certain nights: I counted heads and also have independent evidence of numbers. I assume this is why the Bluesky Event Management Ltd are applying for this Premises Licence, as it will allow them to increase the numbers of people legally.

On no account should this be allowed to go ahead. Please reject this application.

Yours faithfully

Richard Windsor

Jenny Windsor, Breakers, Down end,
Croyde EX33 1QE

Dear Sir/Madam

Re: APPLICATION NO: 047586 – Premises Licence for Skybar on behalf of

Bluesky Event Management Limited

I strongly object to this application on the following grounds:

As a long-term resident of Croyde (over 40 years) I am aware that Croyde is already changing beyond recognition with more extended camping licences, and a saturation of holiday houses and second homes. In an Area of Outstanding Natural Beauty, the introduction of an ongoing annual Premises licence to an unspoilt field overlooking Croyde Bay will set a precedent for further damaging applications all over the parish.

In recent years the use of Temporary Events Notices have been the normal procedure for various locations in Croyde and Georgeham. This allows – at least in theory – local residents to put their objections/views forward on a year on year basis, with some freedom to have their say over each application. If this Premises Licence is permitted on this site, there will be very little public input allowed to reverse the decision.

I also object on the grounds of PUBLIC NUISANCE – The application asks for much longer hours for serving alcohol and an extension up to 1am for the loud music and entertainment. This is unacceptable. If the Gold Coast can only go through to 11pm, why should the Skybar be permitted to 1am? If these extended hours are permitted it will open up a can of worms and many more applicants will try for Premises Licences. Noise levels are a huge public nuisance especially late at night: How are they monitored, especially with increases in volume if the weather and wind change the direction of the sound? We have been disturbed every year by the Skybar since it has been running, and our holiday guests have complained on many occasions of the loud music, and noisy drunken exploits of the attendees, during and after the event has finished each night.

In our own experience, we have seen people coming into our garden and urinating in the driveway, on their way back to the village after the event. For at least 2 hours after the event has finished there are disturbances in the carpark, with drunken revellers being totally unsupervised when leaving. Apart from loud abusive behaviour fuelled by alcohol, we were told by a family who were staying in our cottage that their children were awakened by a crowd of nude intoxicated men shouting and driving vehicles around in the carpark nextdoor. There seems to be no police presence or surveillance at any of these events.

Further, on one night a very drunk man tried several times to enter our premises believing it to be his own accommodation. This was a disturbing and frightening experience.

As far as PUBLIC SAFETY is concerned, the Down end field borders a narrow, crumbling coast path which is a registered public footpath, and this adjoins the steep steps down to the

beach. At night there are no illuminations, and with drunks wandering about on slippery rocks with the ocean nearby it is a very dangerous situation: Cold water and alcohol make for a toxic mix.

Apart from the proximity of the ocean, there is also a danger to attendees walking back and forth from the carpark, crossing a busy road, near a blind bend on the entry into Croyde. No supervision is given at any of these events to prevent accidents. There have been several RTAs on this approach road over the years and the area is well-known to the police.

I also object to this application on grounds of CHILD SAFETY – Youngsters are constantly walking up the steps from the beach on Down end side, (often unaccompanied by their parents if they are teenagers) after spending social time on the beach. With the lack of event security and poor fencing, intoxicated adults, and those who have been taking drugs, are a threat to under-age young people. Along the public pavement on walls and by hedges bordering private houses I have found drug detritus, and half full bottles of spirits and beer left after these events, along with broken glasses and rubbish, none of which is cleared up by the organisers. My husband even found full and empty nitrous oxide canisters which are an illegal substance, which could have been easily seen and picked up by curious children.

Furthermore, I object to the application doubling the number of attendees from 499 to 1000. This is particularly worrying as the security and organisation is not checked by independent services, such as the police. Any complaints are dealt with after the events have finished.

Please take these points into consideration and I urge you not to permit this application.

Thank you for taking the time to read this letter

Yours faithfully

Jenny Windsor

Subject: Fwd: Sky Bar 047586 Grant of Premises Licence

>>

>> I am writing to object to the application for the Sky Bar at Croyde.

>> I feel it surmounts to an open air night club, positioned in an Area of Outstanding Natural Beauty within a residential area, beside a non- paved main road where, due to the coast position, there is more often than not a sea breeze (or wind!) taking the noise across an extensive radius.

>> Even in a city centre, I cannot imagine that a non enclosed sound system and the post midnight noise of the revellers would be granted the right to pollute the night. The Sky Bar has run successfully for a number of years in it's current format under a yearly application. Extending the hours would seem purely for financial gain of the organisers, with complete disregard for the neighbours and environment. If the council wants to represent the residents then they should be contact them via post/email/parish council/Croyde Area Residents Association with details of this application. I do not feel that posting a notice on a farm gate on a non paved, no stopping regulated main road and another on a footpath that, due to the winter months, has not be used much recently, is a fair way to deal with this matter. This is particularly the case when this is for an ongoing annual event that will not require further yearly applications. More public consultation should be sought, lest the council/licensing body could be viewed as allowing such an important decision to have been allowed to 'slip through the back door.' These decisions should be made in collaboration with communities and not appear to be at all covert between proposer and rule makers.

>> On a further note, the SkyBar does not reuse or recycle any of the single use plastic that it brings to Croyde. As a parish that is championing and proud to be recognised as a Plastic Free Community, I feel that before any dialogue is entered into for the event to be staged, this matter needs to be addressed. I would draw attention to the excellent example being set by the Oceanfest event in June and the Croyde Triathlon which is commendable and proof that consideration to neighbours and environment can be achieved with professional event management.

>> I would hope that the concerns of noise, pollution on many levels, safety, protection of the environment and respect to the neighbours and community are great enough for this application to be declined. I would very much appreciate your feedback if this is not the case.

>> Regards,

>> Amanda Bennett

Subject: Ref047586

Please note my formal objection to The Skybar application for an Annual premises licence at Downend Field Croyde EX33 1 QE, being made by Blue Sky event Management Ltd.

This is in a village and is in Residential area. Noise, alcohol being supplied to the early hours of the morning will cause disruption to residents and the numbers being considered of up to a 1000 people will make it a Festival in all but Name.

The field has no safe access for pedestrians, it is on the edge to a cliff and footpath.

It is dangerous enough with car drivers slowing down to look at the Surf and views of the beach as it is.

The Council should look very carefully at the impact this application will have to this village.

There is no mention of policing the event by the Constabulary and whether any serious safety mechanisms would be in place to deal with public affray offences!

This is yet again another money making venture for the few.

Mrs Osborne.

Subject: Application 047586 Skybar

Dear Sirs,

I write with reference to the above application. Please do not allow this extension or increase in numbers. As a neighbour to the land I am concerned for the safety of the partygoers, the later the licence, the more alcohol consumed and the more likely there is to be an accident at the end of the event. This is a dangerous road with no pavements. I am also concerned that neighbours to the site will have to cope yet again but even later with the noise especially when the partygoers leave the site. If this licence is extended, we will have to tolerate the noise etc until much later as it is always a slow process with the partygoers leaving the site. We also have the noise from traffic. If you decide to grant this application, please can you send a representative from your office at 1am with a view to staying for a couple of hours so you can see and hear what we have to put up with to help you understand more fully for further applications on this land. My other fear is that although this is for one event, once it is granted, the owners of the land and Skybar will want to have later licences at each event and other land and events in Croyde will also expect same. My opinion is that Skybar should find a location that is not in residential area as they have done in Cornwall.

I look forward to hearing from you

Yours faithfully,

To: Licensing
Subject: 047586 - Sky Bar License Extension

Atn : Licensing Department

Dear Sirs,

The Sky Bar has been held for the last 2 years in an beautiful location in Downend, Croyde with limited access on to the busy main road into Croyde. Residents have major ongoing concerns regarding public safety, public order and nuisance. 500 people attending this event is too many for such a small field in this beautiful location. The 1st year was chaotic. We have no proof but suspect many more people were allowed into the event than authorised. Many people leaving the event who obviously had too much to drink were extremely loud walking back to wherever they left their cars, or where they camped creating a nuisance to the local residents. A trail of empty cans and bottles littered the area. Before the 2nd year the organisers visited the local residents and apoligised for the way the previous year was organised and promised that there would be no more problems, and offered free entry passes to the locals. It appeared that less people attended the 2nd year as the weather was bad and it was exam time.

This new application for an extension to 1am and for more people to attend will create many more problems with regard to public safety, public order and nuisance. Allowing more people to drink more alcohol will only increase these concerns and must not be allowed. There are many more suitable locations where this event could be held. This application if granted will create a precedence for any other event held in Croyde.

Please reject this application.

Yours faithfully,

Robert Cornell – local resident

Subject: application number 047586

We are writing in regards to the application 047586 - Blue Sky Event Management Ltd.

Although we do not oppose Sky Bar operating within the village of Croyde, we do object to the amendment of live music and alcohol until 1am, for 3 nights.

This is unacceptable for a village which is at bursting point with Ruda holiday park, Croyde Bay holiday park and Ocean Fest, to have to endure even more noise after midnight from Sky Bar which is only for a gain of income.

If this is passed, no doubt it would open the flood gates to Ocean fest, Although you are far better than Ocean Fest, we have SO much noise May/June that we need to consider we are actually a real village, without a pop up nightclubs and heavily alcohol induced people being noisy past 1 am.

Regards
Paul Dymond

To: Licensing
Subject: Application No 047586 SkyBar Croyde

Dear Sirs

Reference Application for extended hours re Sky Bar, Downend Croyde

We wish to object to the above application for extended hours as residents of Croyde and a local business relying on tourism we are concerned about the negative impact on this village. Croyde is a small village not an entertainment resort and our guests do not appreciate loud music and the noise/disturbance caused by people leaving at 1am in the morning.

After last years event we had property stolen from our garden, rubbish discarded over our hedge and damage to our signs.

If a license is granted will the police supervise until 2 am when everybody has left and patrol the village.

Another reason for our objection is although this is a temporary licence this event is now in it's third year and if granted will set a precedent for future years and ever bigger events.

We trust you will consider our views.

Yours faithfully

Mr & Mrs D Rayner

Subject: Sky Bar Downend Field, Croyde

Dear Sir or Madam

I wish to express my objection to the application 047586 from Blue Sky Event Management Limited to increase the hours of the Sky Bar in Downend Field, Croyde from 23.00 to 01.00 and to increase the number of people attending from 499 to 1000.

Croyde is a beautiful village in an area of outstanding natural beauty and on a site of special scientific interest. An event of this kind is not in keeping with this lovely place. It is a great imposition to have loud music playing until 1am and to have double the number of people at this event. Croyde is heavily dependent on tourism from a wide range of visitors and this will be the first thing visitors arriving in the village will see and will give completely the wrong impression. I am also concerned that it will set a precedent for other event organisers in the future. This event brings no benefit to the village, only overwhelming traffic and a lot of unwelcome noise.

I respectfully request that this application is refused.

Yours faithfully

Dear Sir or Madam

I would like to object to application 047586 for a permanent licence.

There are several important key issues that I feel I would like to point out.

Child Safety

Public Safety

Public Nuisance.

I have been a member of the Local Coastguard Team for over 20yrs. The management and location of the Sky Bar, consumption of alcohol and the large amount of people close to a dangerous environment and beach in the dark, causes me some concern. It would appear to me that from previous years these risk factors haven't been and still aren't being taken into consideration. I would also like to point out there have been several incidents from previous Sky Bar events that have been witnessed and dealt with by members of the community, but have gone unrecorded, these incidents were numerous and were generally sorted, absorbed and temporarily forgotten by community members.

Kind regards

M.Deswert

Message: Sky Bar Application Croyde 2018

As a resident of Croyde from time to time I am woken late by traffic or over loud pedestrians. As such I would not welcome occasions where this could be made significantly worse, unless there were special reasons. I like the idea of festivals in Croyde: visitors can enjoy music or culture. I am less sure about events where the purpose is drinking. We already have large and well facilitated pubs in the village. My objection is to any extension beyond 11pm as this spreads disturbance well into the night. I am also concerned if numbers are very large, then issues will be increased.

Shirley Loder

From: Jenny Giles
Sent: 23 March 2018 11:40
To: Licensing
Subject: Application No.047586 - Skybar, Croyde

Dear Sirs,

I am writing to object to the above application for a license for the Skybar at Down End Field in Croyde. The license is for a 3 day event to be held annually, with alcohol until 12.30 and music and refreshments until 1 am, and I object for several reasons.

It will create a public nuisance as the venue is within the boundary of the village and fairly close to residential properties and guest houses. Apart from loud music until 1am which can be heard all over the village, there will be further noise and disturbance for at least an hour after that, with people leaving the site by car or noisy groups of people going through the village to get to campsites. I myself have witnessed a couple of cars coming from the Downend car park after 'chucking out time' then speeding through the village sounding their horn just to annoy. With extra drinking time people will be even more inebriated than in previous years, which often leads to antisocial behaviour in the early hours of the morning.

As the exit to the site is onto the main road it could also be an issue of safety, as the only other way out is the steep drop down to the beach and rocks.

I also feel the timescale is too wide. How can a license allow a pop-up event to be held annually with no restriction when local licensed premises (who all pay business rates!) have to apply to renew their license every year?

In addition it will set a precedent for other events such as Goldcoast, and all the local pubs to request a license until 1am. Croyde will be on the way to becoming like Newquay, with all the inherent anti-social behaviour, crime and disorder that late night drinking encourages.

I would have no objection to this license if Skybar had chosen a more remote site that would cause less disturbance, but they choose to come to Croyde, which generally has an older population, and then wish to disturb the peace in our village into the early hours of the morning.

Yours faithfully,

Jenny and Keith Giles

From: Jasmine Bennett < >
Sent: 23 March 2018 16:22
To: Licensing
Subject: SkyBar Licensing Application Croyde

To whom it may concern,

I would like to object to application number 047586 for Skybar in Croyde.

My two primary concerns with this application are addressed under the purposes of the AONB designation, which this site comes under.

AONB designations seek to "Conserve and enhance the natural beauty of the landscape, with two secondary aims: meeting the need for quiet enjoyment of the countryside and having regard for the interests of those who live and work there."

With relation to 'conserving the natural beauty of the landscape', as far as I understand SkyBar has not yet utilised recycling facilities during any one of its previous events in Croyde.

Due to the hard ongoing work of a group of committed and passionate residents, Croyde and Georgeham have recently become one of the country's first Plastic Free Communities under the current Surfers Against Sewage Campaign. The move towards a plastic free community has been supported on many levels, including the support of the Parish Council, Georgeham Primary School, Croyde Area Residents Association and Croyde Surf Life Saving Club, as well as a range of local businesses.

I feel that allowing an ongoing licence to a business which appears to have little regard for the environment in its operations could be detrimental to the landscape, as well as the hard work of the residents who are passionate about this issue.

With prevailing onshore winds at Croyde Bay, and a range of residential homes and working B&B's within a few hundred meters of the site I feel that extending the licence to later in the evening than it already stands seems unreasonable to both the families and people running businesses with relation to noise disruption. This does not seem conducive to 'quiet enjoyment of the countryside', nor to supporting the 'interests of the residents who live and work there'.

Yours kindly,

Jasmine Bennett
