## **GUIDANCE NOTES FOR RULES OF DEBATE AT MEETINGS OF COUNCIL**

### Part 4, Council Procedure Rules of the Constitution

#### **The basics**

At a meeting of Full Council, Members shall stand when speaking unless unable to do so and shall address the Chair.

While a Member is speaking, other Members shall remain seated unless rising for a point of order, a point of information or in personal explanation.

No speeches may be made after the mover had moved a proposal and explained the purpose of it until the motion has been seconded.

Unless notice of motion has already been given, the Chair may require it to be written down and handed to him before it is discussed.

When seconding a motion or amendment, a member may reserve their speech until later in the debate.

Speeches must be directed to the question under discussion or to be personal explanation or point of order.

A speech by the mover of a motion may not exceed 5 minutes without the consent of the Chair.

Speeches by other Members may not exceed 3 minutes without the consent of the Chair, unless when the Council's annual budget is under discussion, the leader of each political group on the Council may speak for up to 5 minutes or such longer period as the Chair shall allow.

#### **The rules of Question Time**

At a meeting of the Council, other than the Annual meeting, a Member of the Council may ask the Leader or the chair of a committee any question without notice upon an item of the report of a committee when that item is being received or under consideration by the Council.

### **North Devon Council protocol on recording/filming at Council meetings**

The Council is committed to openness and transparency in its decision-making. Recording is permitted at Council meetings that are open to the public. The Council understands that some members of the public attending its meetings may not wish to be recorded. The Chairman of the meeting will make sure any request not to be recorded is respected.

The rules that the Council will apply are:

1. The recording must be overt (clearly visible to anyone at the meeting) and must not disrupt proceedings. The Council will put signs up at any meeting where we know recording is taking place.
2. The Chairman of the meeting has absolute discretion to stop or suspend recording if, in their opinion, continuing to do so would prejudice proceedings at the meeting or if the person recording is in breach of these rules.
3. We will ask for recording to stop if the meeting goes into 'part B' where the public is excluded for confidentiality reasons. In such a case, the person filming should leave the room ensuring all recording equipment is switched off.
4. Any member of the public has the right not to be recorded. We ensure that agendas for, and signage at, Council meetings make it clear that recording can take place – anyone not wishing to be recorded must advise the Chairman at the earliest opportunity.
5. The recording should not be edited in a way that could lead to misinterpretation or misrepresentation of the proceedings or in a way that ridicules or shows a lack of respect for those in the recording. The Council would expect any recording in breach of these rules to be removed from public view.

#### **Notes for guidance:**

Please contact either our Corporate and Community Services team or our Communications team in advance of the meeting you wish to record at so we can make all the necessary arrangements for you on the day.

## **NORTH DEVON COUNCIL**

**COUNCIL: 6 APRIL 2022**

### **CLIMATE CHANGE AND ENVIRONMENT - REPORT BY LEAD MEMBER FOR CLIMATE CHANGE**

At the last CAT meeting members were given an update of the large range of actions that the council are taking and have been involved with. It is very encouraging to hear actions are being taken and they will all feed into the council's climate action plan, once collated.

The energy surveys on many of the council buildings have now been completed and show that there are positive actions that the council can take to reduce both their carbon footprint and costs. The actions will inevitably require capital expenditure, but I am of the opinion that these can be fully justified and will pay for themselves in a reasonably short period of time.

We are now looking at completing surveys on all the other council buildings to see what can be achieved.

I look forward to pushing on with the council's green agenda.

Cllr Graham Lofthouse  
Climate lead.
