GUIDANCE NOTES FOR RULES OF DEBATE AT MEETINGS OF COUNCIL

Part 4, Council Procedure Rules of the Constitution

The basics

At a meeting of Full Council, Members shall stand when speaking unless unable to do so and shall address the Chair.

While a Member is speaking, other Members shall remain seated unless rising for a point of order, a point of information or in personal explanation.

No speeches may be made after the mover had moved a proposal and explained the purpose of it until the motion has been seconded.

Unless notice of motion has already been given, the Chair may require it to be written down and handed to him before it is discussed.

When seconding a motion or amendment, a member may reserve their speech until later in the debate.

Speeches must be directed to the question under discussion or to be personal explanation or point of order.

A speech by the mover of a motion may not exceed 5 minutes without the consent of the Chair.

Speeches by other Members may not exceed 3 minutes without the consent of the Chair, unless when the Council's annual budget is under discussion, the leader of each political group on the Council may speak for up to 5 minutes or such longer period as the Chair shall allow.

The rules of Question Time

At a meeting of the Council, other than the Annual meeting, a Member of the Council may ask the Leader or the chair of a committee any question without notice upon an item of the report of a committee when that item is being received or under consideration by the Council.

North Devon Council protocol on recording/filming at Council meetings

The Council is committed to openness and transparency in its decision-making. Recording is permitted at Council meetings that are open to the public. Members of the public that attend meetings must be aware that these meetings are open to the public and so therefore both individuals and the Council itself have the right to record the meeting. The Council understands that some members of the public attending its meetings may not wish to be filmed. The Chair of the meeting will make sure any request not to be filmed is respected.

The rules that the Council will apply are:

1. The recording must be overt (clearly visible to anyone at the meeting) and must not disrupt proceedings. The Council will put signs up at any meeting where we know recording is taking place.
2. The Chair of the meeting has absolute discretion to stop or suspend recording if, in their opinion, continuing to do so would prejudice proceedings at the meeting or if the person recording is in breach of these rules.
3. We will ask for recording to stop if the meeting goes into 'part B' where the public is excluded for confidentiality reasons. In such a case, the person recording should leave the room ensuring all recording equipment is switched off.
4. Any member of the public has the right not to be filmed. We ensure that agendas for, and signage at, Council meetings make it clear that recording can take place – anyone not wishing to be filmed must advise the Chair at the earliest opportunity to allow them to be directed to an area in the room where they will not be caught on camera. Subject to paragraphs 1, 2 and 3 above, audio recordings shall be permitted at all times during public meetings.
5. The recording should not be edited in a way that could lead to misinterpretation or misrepresentation of the proceedings or in a way that ridicules or shows a lack of respect for those in the recording. The Council would expect any recording in breach of these rules to be removed from public view.

Notes for guidance:

Please contact either our Corporate and Community Services team or our Communications team in advance of the meeting you wish to record at so we can make all the necessary arrangements for you on the day.

Recommendation

- “Council note that government is inviting full proposals for local government reorganisation by the 28th November but that government has also asked for an indication of current thinking by 21st March.
- Council also note that at the time of writing, very little data is available on which any firm proposals can be based and no time has been allowed for public engagement.
- In the light of that, and recognising government’s wish to hear current thinking, Council is recommended to highlight to government that a 1:4:5 model is the option on which most focus has been applied and is the one which, based on the very limited evidence so far available, is foremost in our plans. However, Council is also recommended to point out that the lack of data and engagement means that this may well change as we move through the process. North Devon Council will continue to examine all options before reaching any firm conclusions, in particular options that reflect the different cultures, economies and communities across rural and urban areas of Devon recognising the distinctiveness of Northern Devon .
- On that basis Council agrees to the signing of a joint letter and the submission of an interim proposal, along with other District Councils, indicating support for the 145 model, but that the Chief Executive is also delegated power to submit to government the above views on the need to explore alternative options and to continue the assessment of evidence and carry out the required engagement with the public and partners in order to influence further discussions on the preferred model.
- Council is also asked to note that further reports will be presented to Council as the process develops and prior to 28th November.”
