Dear Sir or Madam,

I wish to object to the above application being granted for the following reasons;

The area in question already has three food wagons on the premises that at various times play music often until late in the evening. This application would only lead to further noise pollution competing with the various established permanent venues that do their best not to infringe on the local population. This is normally achieved by having permanent structures that contain, absorb or dissipate the music.

Over development of the site. The area in question is already sporting three food wagons and in order to accommodate the lorry, one has moved into a garden right next to the footpath.

Unwanted alcohol related behaviour such as littering, swearing ,high spirited revelry and consumption of alcohol on the public footpath and village would be an issue. As far as I'm aware, bye laws prohibit the consumption of alcohol in the area and the location is close to a public play park, car park and footpath. The food wagons already create a littering problem in the immediate vicinity which is both an eyesore and health hazard with disposed of food on the ground.

There are already more than enough establishments in Croyde serving alcohol. There would be no sensible purpose to allow another one in such a location.

Kind regards

Scott
