Dear Sir/Madam

I am writing to object to this application because I don't think this site is appropriate for sale of alcohol and the playing of music.

Its seems unfair to the local business who will have this pop up venue at the back of them on waste ground looking unsightly and not having to pay any council rates etc. There is no provision of toilet facilities, there will be excess rubbish, littering, nuisance caused by excess noise, lack of adequate supervision and control and lack of effective lighting.

Any persons buying drinks from these pop up street traders can wander off into the village and as far as I'm aware drinking in the street has been prohibited in our local bye-laws.

Who will monitor public safety once the customers have been served and then leave the venue ? Will they then be drinking in the street ?

This will be a place where underage drinkers will try and get served as it will be hard to monitor in that particular location.

It has been a tough 2 years for local businesses and I feel the council should help support them by not granting this application as it will lead to more licence applications and pop up venues.

Therefore because of the reasons stated above the application should be turned down because it contravene the 4 main objectives of the Licensing Act

1. Prevention of Public Nuisance
2. Prevention of Crime and Disorder
3. Public safety
4. Protection of children from harm

Croyde has more than enough venues to cater for the locals and tourist trade we do not need anymore.

Kind regards

Annette Spencer
