| To prevent crime and disorder   | Selling alcohol in a car park with nowhere to sit means you have to walk around the village or along the pathway to the beach. It is inevitable that this will lead to disorder and potentially crime.   |
| Public safety   | Serving alcohol in a car park cannot be safe especially taking into account the size and location ie small with difficult access. People queuing for drinks with cars driving in and out will make this area very dangerous especially for families returning from the beach who have to pass the narrow entrance to the car park. |

| To prevent public nuisance  | <p>Playing loud music all afternoon and evening in a residential area fuelled by alcohol is bound to be a public nuisance.</p> <p>The police and environmental have already been called out because of the noise and litter, can't believe adding alcohol will help solve the problem.</p> |
| To protect children from harm   | <p>There are enough pubs in the village for people to get alcohol without having to walk around the village or to the beach with drink in hand. We should make every effort to protect children from a very poor example of how to behave!</p>   |
| <p>I fully understand that this Representation will be made available to the applicant and included in the Sub Committee's Hearing papers which are publically accessible documents, and any subsequent appeal court proceedings. See</p> |  |
