[REDACTED]

Hi

I'm Simon Ryder from Devon Pro Entertainments, a regular and recommended supplier to The Sandy Cove Hotel, Berrynarbor, EX34 9SR.

The purpose of my email is to support the venue keeping its existing licensing in relation to the daytime and evening weddings that take place there.

We supply services to this venue on numerous occasions each year and have done for many years, we cannot speak highly enough of the organisation of each wedding which takes place, they being very conscious of other hotel guests in respect to noise and in keeping with it's stunning location and views.
We are always aware of timings for the day and the other suppliers on the day.

If supplying DJ services with amplified music, folding doors are closed by 10pm and along with our own controls, it's a venue with staff who use noise level recording equipment to keep us within reasonable limits. All music is switched off by Midnight and strictly adhered to.
All in one room, facing the coastline and in the vast majority of cases less than 80 guests, also means in our experienced opinion there is no need for excessive noise levels.

Should you require any other information please do not hesitate to contact ourselves.

Thanks
