APPENDIX A: Treasury Management Practice (TMP1) – Credit and counterparty risk management

SPECIFIED INVESTMENTS: All such investments will be sterling denominated, with maturities up to maximum of 1 year, meeting the minimum 'high' quality criteria where applicable.

NON-SPECIFIED INVESTMENTS: These are any investments which do not meet the specified investment criteria and are therefore of greater potential risk. The Council will consider using this category only for investments that would come under Specified, except that the maturities are greater than 1 year.

A variety of investment instruments will be used, subject to the credit quality of the institution, and depending on the type of investment made it will fall into one of the above categories.
