17 CS 04 Policy Development and Awareness	<p>The Council should develop a mobile device and remote access control working policy (to include Smartphones and Tablets) to be agreed and disseminated to all staff throughout the organisation. Alternatively this could be incorporated into the IT security policy.</p> <p>The Information Security Policy should also be updated to reflect the Council's current minimum password controls as set within Active Directory. This should then be disseminated throughout the organisation to ensure all additional applications that have access controls outside of Active Directory adhere to these requirements.</p>		<p>Human Resources have produced a first draft. ICT have now received their Airwatch Mobile Device Management Training, which will now give us the technical ability to manage mobile devices and feed into this draft policy. Staff profiling is now complete, so we can review what our staff plan to do working from home or remotely and ensure the Policy and its communications meets the needs of the business.</p> <p><b>Extension of Time Request: 31 March 2019</b></p>	31-Mar-2018	30-Sep-2018
